Perennials

Gladiolus

INTRODUCTION

Hello, everybody—Hope 1931 has been kind to you, and that 1932 will show you what a really good year is once more. In spite of the hard times my orders for gladiolus bulbs, taken in the field this past summer, are way ahead of last year. My gardens are located in a section of Connecticut where they are surrounded by tobacco and potato fields. Most bugs dislike tobacco, and the potatoes are covered with poison spray all summer which spells death to bugs. This and the fact that all my glad bulbs were thoroughly treated with corrosive sublimate solution before planting accounts perhaps for the fact that thrip is a pest I know nothing about to date. Blooms were never finer and I wish I could tell you of all the new ones I tried out. Here are a few of the ones I had a quantity of and could really judge their worth.

Mammoth White gave me some of the finest spikes of white I have ever seen. Albatross, Bobby Douglas, and Jeorg's White were very good too. Rippling Water is a glorious cream. Ruffled Gold I like especially well. Toberson, Loyalty, and Fortuna are all choice yellows too. Betty Nuthall, Mrs. S. A. Errey, and Orange Wonder top the list of orange shades with La Paloma and Gloriana ahead in the Prim Grandiflora class. In scarlets and light red, Pfitzer's Triumph, King George, Victor, and Aflame are worthy of a place in anyone's garden. If you like the dark velvety reds get Commander Koehl, Marocco, Nimrod, or Red Glory. Coryphee is, I think, the loveliest pink I have ever seen, the stems often crook if not staked,—but even crooked it's a treasure. Angel's Dream, Mr. Wm. Phipps, Mrs. P. W. Sisson, and Mrs. L. Douglas are all very popular. Mrs. T. Rattray gives wonderful spikes of plain petalled rose shade and Crinkles in ruffled rose is unexcelled. Berty Snow, Minuet, Jane Addams, Jubilee, Royal Lavender, Miss DesMoines, Mary Frey, and Dr. Moody are all wonderful lavender glads.

Heavenly Blue in light shade of blue, Mme. Von Konyneburg in medium shade, and Aida and Veilchenblau in deep violet are good. There are a number of fine smoky glads but Marmora and Mother McChree lead for me. Try these if you like gray flowers or odd shades.

If you can afford to do so, get not less than three of each variety you select. You will enjoy being able to cut two or more spikes of one color. Cut when the first bloom opens and they will last for days. When only the tip blooms are left, arrange them in a rose bowl or a low dish (in a flower holder), and you will almost think you have a new kind of lily.

Please Note: Cultural instructions are sent with each order.

In case of error or mistakes (we all make them), money shall be refunded or stock replaced at the customer's choice.

Many varieties, especially the newer and rare sorts, are in great demand and I advise placing your order early to avoid disappointment.

PINECREST GARDENS

Bulbs will be sent in March or April when there is no danger of freezing in transit, unless you instruct otherwise.

Cash, check or money order should accompany all orders.

All bulbs are sent prepaid where orders amount to \$1.00 or over; 25 per cent cash deposit accepted on orders of \$5.00 or over, balance before March 15th.

Discounts: Your choice in bulbs amounting to 10% on orders \$10 to \$25. 15% \$25 to \$50. On larger orders write for special quotations.

Sizes: L stands for large bulbs, 1½ inch or more; M for medium size, ¾ inch or more; S for small size, ⅜ inch or more. Small size will usually bloom if planted early. From 10 to 100 in each package of bulblets, except where noted "per each."

Foreign varieties are from Erry, Australia; Mair, Scotland; Lemoine, France; and Pfitzer, Germany.

6 Bulbs at 5 times single rate, dozen at
10 times single rate.

HIGH QUALITY MIXTURE

For those who do not care to keep varieties separate we make up special mixtures composed of fine named varieties at \$3, \$5, and \$8 per 100.

Cut Flower Mixture is offered to those who desire to plant liberally for cut flowers. Large and Medium Sizes (All colors) 100 - \$2.00.

Peonies

So remarkable have been the results accomplished through years of steadfast devotion and untiring effort on the part of the Peony lovers and hybridizers that today the modern Peony is the most superb and outstanding flower that grows in our gardens.

The single and Japanese peonies are becoming very popular and deservedly so. Both types should be in every collection.

The peony is absolutely hardy, and if properly planted in congenial soil and given reasonable care, is sure to thrive and give its wealth of beauty year after year.

September and October are the best months for planting peonies. Peonies usually bloom first season, but size and beauty of blossoms improve from year to year.

Bone meal is the best fertilizer to use about peonies. Plant in soil deeply dug and pulverized. Set so eyes are not deeper than two inches below level of the ground. Too deep planting is often cause of not blooming. Good idea to protect the roots first winter with mound of earth or any trash from garden, or both. Remove this early in spring.

Size of Peony Plants. Three to six well developed eyes with good root system.

Early May Flowering Peonies

	Per Each
Officinalis Rosea Plena Beautiful rose-pink flowers, fully double, flowering the middle of May	\$2.00
Officinalis Tenuifolia Single flowers of bright red with center of golden stamens. Foliage finely cut. Often called the "fern leaved peony." Very early. Height 6 to 9 inches....	2.00

Claire Dubois (Cr) 8.7. Satiny pink. Large and fine. Late	1.00
Cherry Hill (Thur.) 8.6. Very deep garnet with a rich glossy sheen; erect, long stems. Very early	2.50
Couronne D'Or (Calot) Semi-rose type, pure	

PINECREST GARDENS

	Per	Each
white, reflecting golden stamens; extra good stem and flower, the best late, white cut flower		1.00
Delicatissima (Rosefield) Rose type. Early Mid. Tall. Very large full flowers of clear even pink shading lighter at the center, very delicate color50
Desire (Brand) 8.5. Pink. Color a delicate lilac pink fading lighter towards the edges.....		6.00
Delachei (Delache) Blooms of good size, rose type with a few stamens scattered among the petals but not showing prominently. Color is very pleasing deep dark red. Always to be depended on for a good supply of blooms..		.50
Duc de Wellington (Calot) White guards with sulphur center. Bomb type. Tall. Vigorous. Late midseason. Beautiful		1.00
Duchess d'Orleans (Guerin) Pink.....		.50
Edulis Superbe (Lemoine) Crown type; bright clear pink with silvery reflex; extra good cut-flower50
Ella Wheeler Wilcox (Brand) Bomb. Late. Tall. Deep shell pink.....		.50
Elwood Pleas (Pleas) A very pink Peony whose petals have great substance.....		1.00
Edwin Forrest (Hollis) A large bloom of deep brilliant crimson with silvery reflex; bomb type; fragrant. This has greater size than Philippe Rivoire but does not equal it in perfect shape50
Eugenie Verdier (Calot) 8.6. Pink. A tall growing, very large flat flower of a light hydrangea-pink, the petals being lighter toward the outside and gradually growing deeper in color towards the center with a few flecks of crimson on the central petals. This is one of the greatest peonies. The plants are very thrifty and tall, the blooms are immense in size, and are borne profusely. It is a flower beautiful and striking in the field and wonderful as a cut flower.....		1.00
Exquisite (Kel.) 8.5. Glowing pink; very fine		2.00
Faust Dainty , lavender-pink50
Festiva Maxima (Miellez) 9.3. Probably the most widely known of any Peony. Exceptionally large ivory-white flowers of rather feathery appearance, with a fleck of crimson in the center. Strong grower and free bloomer		1.00
Frances Willard (Brand) 9.1. White. This variety is listed among the World's 26 Most Beautiful Peonies. It is a perfectly-formed flower. The petals are of varying sizes, forming a very large rounding flower, often having a raised cup-shaped center inclosing golden stamens		2.50
Germaine Bigot (Dessert) 8.5. Pink. A clear rose type with lighter flesh-colored tints in the center with many petals marked with large blotches and stripes of Crimson.....		1.00
Georgina Shaylor (Shaylor 1908) 8.9. Semi-rose. L. Mid. Tall. Pale rose pink, center and guards slightly splashed crimson. Compact, erect, strong grower.....		2.50

PINECREST GARDENS

	Per	Each
Ginette (Dessert) A French Peony of recent origin. Deep flesh, salmon tints.....		1.00
H. F. Reddick (Brand) 7.7. Red. The flowers are large, semi-rose, and brilliant with gold stamens showing among the petals.....		1.00
Jubilee (Peas) 8.9. White. This variety produces very large, flat, ivory-white flowers. The petals are long and narrow, loosely arranged. The feathery effect produced is very attractive		1.00
Karl Rosenfield (Rosenfield) Semi-rose type, brilliant deep crimson; large, very full flower on long, stiff stem; extra for cutting purpose		1.00
Lav. "Crousse" Bought for Marie Crousse. Do not know correct name. Lovely, very full flowers of light pink tinted lavender. Stem strong and upright.....		2.00
Lady Alexandra Duff (Kel.) 9.1. The "long-lost peony." Soft French pink; very choice.....		1.50
Lady Stradbroke (Kelway) Lovely rose-pink		2.00
La Cygne (The Swan) (Lem.) 9.9. Milk-white flowers with incurved petals. When well established the flowers are enormous, but always symmetrical in form; never coarse. This variety ranks as the best peony in the world. Stiff stems growing upright.....		4.00
La France (Lemoine) Rating 9.0. Soft pink. Rose type. Late midseason. Very large flower and ranks with the very best.....		3.00
La Tulipe (Calot) Large pointed buds of light pink, beautifully marked with carmine strips		.50
La Rosiere (Crousse) 8.3. The flowers are large and produced in clusters. They are straw-yellow at the center shading to a creamy white border. The fragrance is pleasing. The flower is loose, showing yellow stamens, a band of which light up and give a yellowish cast to the entire flower.....		1.00
Longfellow (Brand) Very bright red. Mid-season		2.00
Madame Emile Galle An ethereal shade of pink seldom found in peonies, blooms late, very lovely		1.00
Marguerite Gerard (Crousse) A pink semi-rose type Peony which blooms in midseason and which has a very refined appearance. The yellow stamens distributed among the petals give it a glint of gold.....		1.00
Marie Jacquin (Verdier) The most perfect "Water Lily Peony" in existence; with extra good care it develops into a full double bloom of wonderful size and quality.....		1.00
Midnight (Brand) Semi-rose type. Large, loose, deep maroon, plume-shaped flower, borne on long, stiff stems		1.50
Mons. Jules Elie (Crousse) 9.2. Bomb type; early midseason. King of all Peonies. Color an ideal glossy lilac-pink, shading to a deeper rose at the base.....		1.00
Mons. Martin Cahuzac (Dessert 1899) Semi-rose type; midseason. A perfect solid ball of deep maroon with garnet hues and brilliant black luster. Claimed by some to be the darkest Peony in existence.....		2.00

PINECREST GARDENS

	Per Each
Mme. Gaudichau (Millet) Late; rose type. Dark crimson garnet with blackest hues, full globular flowers. The stalks and leaf stems are dark crimson.....	4.00
Mrs. Edward Harding (Shay) 9.3. Clearest white, golden reflections from concealed petals	4.00
Perfection (Rich.) Rose. Late. Tall. Pale shell pink or lilac white; base of petals shaded deeper	1.00
Petite Renee (Dessert) A deep rose-pink Peony of semi-rose type; which sometimes carries semi-rose shape blooms and Japanese type blooms at the same time.....	1.50
Phillipe Rivoire (Riviere 1911) 9.2. Rose. Early. Tall. Large well formed cup-shaped flower; very dark crimson with tea rose fragrance	5.00
Philomele (Calot) 7.7. Anemone type. A very distinct and striking flower of unique color scheme. Medium size; guards of bright violet-rose. Center deep golden yellow. Develops crown of bright rose, edged crimson	1.00
Primevere (Lemoine) 8.6. Guard petals deep creamy yellow and center petals sulphur-yellow. If not exposed to the full sun the flowers will hold a canary yellow which is most attractive	2.00
Prince of Darkness (Brand) A rich, dark maroon Peony. Not a free bloomer.....	1.00
Queen Victoria Bomb type. Early midseason. Pure white used extensively for cut flowers	.50
Reine Hortense (Calot) Rating 8.7. Soft pink. Semi-rose type. Midseason.....	2.00
Richard Carvel (Brand 1913) 8.8. Bomb type; early. Color very bright, uniform shade of crimson. Best of all early reds and valuable as a cut flower variety.....	2.00
Sarah Bernhardt (Lem.) 9.0. Large, delicate shell-pink. Fresh tone in the coloring that makes the very large and finely formed blooms most alluring. Has a world-wide reputation as a beautiful ideal peony.....	1.50
Solange (Lem.) 9.7. "Deep cream, tinged with amber throughout, and with a touch of soft salmon-pink glowing from its heart. This rare coloring, in combination with the heavy texture of the petalage, gives the bloom a radiance equaled only by pearls of finest Orient." Solange must be thoroughly established to show its high quality.....	2.00
Suzette (Des.) 8.2. Very brilliant rose-pink; vivid and most charming color; free bloomer strong stem	1.50
The Gem (Pleas) Blooms of bright crimson with some silvery reflex; rose type.....	1.00
Therese (Dessert) 9.8. Rose type. Midseason. One of the three highest rated Peonies. Color rich satiny pink with glossy reflex. Flowers are enormous in size of full rose type. Sturdy, vigorous grower with upright stems and rich green foliage. Delicately fragrant	2.00

PINECREST GARDENS

- Tourangelle** (Dessert) 9.4. Rose type; late mid-season. Pearly white overlaid with delicate salmon and La France pink tints. Exquisitely beautiful in form and color..... 1.00
- Welcome Guest** (Hollis) The petals are of a uniform bright rose color. The flower is large, rather informal and semi-double. Good grower on tall stems and a free bloomer. Late midseason 1.50
- Walter Faxon** (Richardson 1904) 9.3. Semi-rose type; midseason. Outstanding in color; a soft coral-pink shaded lighter at the ends of the petals and a deeper rose-pink at the base, with a salmon reflection. Exquisitely beautiful. Medium to large size flower, globular in form with a cupped center. Medium tall and vigorous grower..... 2.00
